

TOUR OF HONOR

Is Now On

SpotWalla

By Michael Plumeri, #326

Many of us Tour of Honor riders have been using Spotwalla for years. It's a wonderful way to track and share our rides with friends and family. Now all of us can join the TOH ride location page.

For those of you familiar with Spotwalla, joining the Tour of Honor ride page will be a piece of cake. When logged in, click on the location pages icon. There you will find 2023 Tour of Honor. Open or click that box. Now off on the right side you will see "Join". Click Join. A new page will open. **You will need to enter a password to join.** That password is **memorial** all lower case letters. Your location ID is your flag number. **Please enter your flag # _ _ _ _ and only your flag #.** Then remember to click Join at the bottom left side of the page.

As an added bonus, On April 1st 2023 this year's Memorials will be superimposed on the TOH Spotwalla location map.

For those of you who have never used Spotwalla, it's easy and affordable. If you don't have a satellite tracking device, you can turn your phone into one. All you need to do is download a free app on your phone. Android users search for 'Bubbler GPS NEW'. Iphone users search for 'SWTracker'.

Then go to <https://new.spotwalla.com/> and create an account. Use the same email address that you use as your primary email on your phone. It helps them communicate with one another. **There are further detailed instructions on the Spotwalla home page.**

See who is already on the page by clicking the map below!
